

## Environmental Policy Statement

An environmental management system (EMS) has been developed and implemented at Buying Force in accordance with requirements established in the international standard - ISO 14001:2004. This policy statement documents the core principles and operating conditions of the EMS.

At Buying Force, we are committed to **continual improvement** and **pollution prevention**. Objectives and targets have been established and seek to address (amongst other issues) the following key aims:

- Improvement of waste management and focus on waste minimisation.
- Improvement of energy efficiency.
- Improvement of awareness and understanding of environmental issues amongst employees and contractors.
- Improvement in the environmental performance of the suppliers and contractors Buying Force appoint.
- Reduce transport generated emissions through the use of public transport.

The Buying Force management team is committed to ensuring compliance with legal and other requirements.

This document will be communicated and explained to all employees and staff working at Buying Force, it will also be freely available to any interested parties.

A handwritten signature in black ink, appearing to read "Shaun Collins".
